

The Webber Nursery

'Achieving Excellence Together'

Together we can

THEIR LIFELONG JOURNEY BEGINS RIGHT HERE

Life at Webber is vibrant and academic. Whether you decide to join us at 6 months old in The Nursery or Junior School or Senior Years, we are committed to delivering a first-class individualised learning journey that nurtures your child's personal development and growth.

The Webber Nursery marks the beginning of your child's Webber Journey - and offers the best possible start for our littlest learners!

"The Webber Nursery is like no other, for my twins, the environment was nurturing and bright. Learning is an important part of the nursery day along with lots of play and experiences like yoga. The staff were all warm, friendly, and professional...in terms of learning, care, and overall experience, The Webber Nursery is a Winner!"

Zainab Nursery Parent

WELCOME TO THE WEBBER

At the Webber Nursery, we are a team of highly skilled educators with a real passion for learning. We have worked hard to create a wonderful, nurturing learning environment and a home from home, where your child can feel nurtured and secure and where they are happy, content, and eager to learn.

We are passionate about providing high-quality childcare and education in a fun and engaging way creating learning moments of awe and wonder. We have created a delicious menu to encourage a healthy diet and have soft cosy areas for sleep and rest. Please come and see for yourself what makes The Webber Nursery so special.

Laura Camfield
Nursery Manager

Here at The Webber Independent School, we are proud to offer an extraordinary learning experience for our children from 6 months to 16 years. At The Webber Nursery, our experienced team of childcare specialists supports your child to reach their full potential, working in close partnership with you to ensure the best possible start to your little one's learning journey.

Regular interaction between children in our Nursery classes and children in Reception and older year groups enables a seamless transition into 'Big School' and allows our youngest children to feel part of the warm and welcoming, Webber Family. I am confident that your child will have an exceptional and fulfilling time with us and I look forward to extending a warm Webber welcome to you and your family.

Hilary Marsden
Headmistress

OUR ROOMS

Our Nursery is full of awe and wonder where teachable moments are captured and extended.

The Webber Nursery is divided into three stimulating rooms, allowing children to thrive in small groups with individual attention. The children also benefit from their outdoor exploration areas with an abundance of space for play and discovery.

Little Explorers (6 months to 2 years)

For the youngest children in our care, we focus on the Prime Areas of the EYFS curriculum - Personal, Social, and Emotional Development, Physical Development, and Communication and Language.

Little Adventurers (2 to 3 years)

The children play and learn under our expert guidance, during which time we observe, record, and share their progress with you, via our online platform. Literacy and Numeracy are incorporated into continuous provision to ensure our the children develop an awareness of letters, sounds, and numbers.

Little Learners (3 years+)

As well as daily Numeracy and Literacy development the children also receive specialist teaching, allowing them to broaden their knowledge of Languages, Physical Education, Forest School/Ecological Learning, and Yoga. We support each child to develop their independent problem-solving skills, building a solid foundation for their future whilst also laying a seamless pathway into Reception.

YOUR CHILD'S LEARNING JOURNEY

A love for learning starts from as early as six months with a 'Stage not Age' ethos, the Nursery Team supports each child's growth and development through the delivery of excellent education and care within an enriching and inspiring environment.

We offer a range of activities to encourage a natural learning movement throughout the school. We are a family with a culture of kindness that values learning from each other's experiences, backgrounds, and cultures.

With the children at the very centre of all that we do, our approach to Early Years Education is very much led by the children, their interests, and important life events. Our planning is 'In The Moment' specific to each child and relative to what is happening in the world around us.

We have created a delicious menu to encourage a healthy diet, and actively encourage our children to engage in the process of planning and cooking meals. Where possible, we use seasonal fruit, herbs, and vegetables that have been grown on-site and hand-picked by our children!

As professionals, we understand the importance of downtime and rest, and value the impact that it has on our children's learning; as such we offer soft and cosy areas for sleep and rest in all of our learning environments, as well as time for relaxation and meditation.

OUR CURRICULUM

At The Webber Nursery, we follow the Early Years Foundation Stage (EYFS) Curriculum and ensure that each phase of learning is extended through wider experiences both inside and outside the classroom.

The earliest years of a child's educational journey are a time of limitless exploration and incredible growth. We harness the natural curiosity of childhood by engaging and encouraging our children to discover the world around them.

Our passionate and highly qualified Nursery Team delivers educational excellence in a whole school environment supporting each child's growth and development where children are happy and very well cared for. The Webber Nursery is a vital and integral part of the whole school where the children benefit from outstanding whole school teaching and resources.

We place great emphasis on health and well-being for all children in our care and from a young age, there is a focus on the importance of healthy minds and healthy bodies.

A continuous and seamless curriculum for our youngest children through to our preschool-age pupils ensures that we are providing the best possible start for each child.

THE WEBBER INDEPENDENT SCHOOL

"We love how The Webber offers individualised learning. Teachers know each child well and are able to focus on their strengths and weaknesses to help them to reach their full potential."

CURRENT YEAR 9 PARENT

"Each student is individually supported both academically and personally, without ever losing sight of how they interact and affect others around them. They are being prepared for life outside of education too."

CURRENT YEAR 11 STUDENT

"Pupils communicate extremely well. They are articulate, thoughtful, and able to expand on their reflections when challenged by their teachers and peers."

INDEPENDENT SCHOOLS INSPECTORATE

"Pupils take great pride in their work and are extremely well-organised. This was strongly evident within work scrutiny and pupil interviews where pupils spoke with great satisfaction and excitement about their learning."
